## Introduction

**Magento 2 Gift Wrapper** is a customer-friendly extension that simplifies the process of wrapping cart items products of your Magento-powered web stores. Store admin can easily define new wrappers and pick out products that can be wrapped. The customer will also have no trouble wrapping their cart items with a totally free-of-choice quantity.

## Features

### For Admin

- Create gift wrappers and postcards
- Edit the wrappers and postcards in customers' orders on the backend
- Assign wrapper/postcard to each product
- Allow customers to wrap the order based on whether the total amount or the weight of the order
- 2 price settings: Fixed price, Percentage of order
- Make the wrapper not available for overweight orders
- Define the wrapper/postcard price for each product
- Set wrapper/postcard to product/cart level (Wrap separate products or wrap multiple products in one cart)
- Manage gift wrappers and postcards in Magento 2 backend
- Manage wrapped orders

### For Customers

- Choose to wrap a single product on the product page
- Leave a note to the receiver on the postcard
- Add inbox, out-box messages for the postcard
- Wrap products at the checkout page

## System Requirements

Your store should be running on **Magento Community Edition version 2.3.x, 2.4.x**

---

# Configuration

## General Setting

Admin can add multiples wrapper categories in order to help customers find suitable gift wrappers more quickly.

- + On the Admin sidebar, go to **Gift Wrapper > Configuration**
- + On the **Configuration** page, you could find the setting details of the extension.

- **Enable module:** enable/disable the module.
- **Default Tax Class for Wrapper:** choose tax class to apply to Wrapper/Postcard
- **Apply gift wrap for:** choose categories will be applied Gift Wrap
- **Display Tax Of Gift Wrapping Prices**
- **Gift wrapping availability:** choose gift wrap will be applied for all orders or each order item.
- **Display gift wrap options on product listing:** Display gift wrap options on the product listing.
- **Maximum weight for gift wrap**
- **Apply the same price for all gift wrap**
- **Default Price:** the price will be applied for all Wrappers
- **Apply the same price for all postcards**
- **Default Price:** the price will be applied for all Postcards

## Gift Wrappers

On the admin sidebar, choose **Gift Wrapper > Gift Wrappers:**

[blocked URL](#)

### Create a gift wrapper

- **Status:** Select Enable to display the wrapper on the storefront.
- **Name:** Enter the title of the wrapper.
- **Description:** Describe the new wrapper.
- **Image:** Upload an image of the wrapper pattern.
- **Quantity:** Enter the quantity of the in-stock wrapper.
- **Category:** Category of the gift wrapper
- **Fixed Price:** fixed price for the gift wrapper
- **Dynamic Pricing:**

**Attribute:** The wrapper will be available, the price will be calculated based on the attribute settings.

**Invoiced Total:** Total amount of the order. For example, the "Pinky wrapper" is available for orders with a total amount of more than \$100.

**Weight:** The weight of the order. For example, the "Pinky wrapper" is available for orders with a total weight of less than 10kg. (advertisement)

**Note:** The weight unit will be based on the weight base unit of Magento settings.

**Conditions:** There are 3 conditions - greater, less, between - for the comparison

**Amount:** The amount must be real numbers >0. If the condition is between, the values must be separated with a comma (,).

**Result:** The wrapper price could be defined as a fixed price or percentage of the order. The wrapper can also be disabled (not available) when it meets the condition.

**Price:** The price of the gift wrapper.

## + Filter

The admin can use filters to check information as required.

The screenshot shows the 'Gift Wrapper Orders' page in the Magento 2 admin panel. The left sidebar contains navigation links for SALES, CATALOG, GIFT WRAPPER, STORES, and SYSTEM. The main content area has a title 'Gift Wrapper Orders' and a user profile 'magenest'. Below the title are filter controls: 'Filters' (active), 'Default View', 'Columns', and 'Export'. The filter section includes input fields for 'ID' (from/to), 'Order Date' (from/to), 'Name', 'Order Status', 'Type', and 'Order Increment Id'. There are 'Cancel' and 'Apply Filters' buttons. Below the filters, it says '8 records found' and shows a pagination control for 20 records per page, currently on page 1 of 1. A table displays the data:

ID	Image	Order Status	Name	Order Date	Type	Order Increment Id
1		Processing	Merry Christmas	Nov 12, 2020 11:57:15 PM	Wrapper	#000000003
2		Processing	Merry Christmas	Nov 12, 2020 11:57:15 PM	Post Card	#000000003
3		Processing	Merry Christmas	Nov 12, 2020 11:57:15 PM	Wrapper	#000000003
4		Processing	Merry Christmas	Nov 12, 2020 11:57:15 PM	Post Card	#000000003

## Allow product to be wrapped

On the admin sidebar, go to the **Catalog > Products**, on the product **edit page** > enable the “**Can be wrapped?**” checkbox.

## blocked URL

## Edit Gift Wrapper/Postcard

After customers placed the order if they want to change the wrapper/postcard, the admin can edit the wrapper/postcard for the customer in the backend.

This is only applied for pending/on-hold orders.

+ On the **Admin sidebar**, **Sales > Order > View Order**

+ On the **Order management page > Gift Wrapper > Edit**.
