### Introduction

Skrill Payment Gateway And Subscriptions extension by Magenest is the great tool that provides seamless payment experience between your Magento 2 store and the Skrill Payment Gateway.

#### Features For Admins

- A lot of features is included in the extension that you can tweak to make it best suit your business, including:
  - Support Authorize and Capture.
  - New order status.
  - Email customer.
  - Allowed credit card types.
  - Enable CVC verification.
  - Allowed country.
  - Order total threshold.

#### Features For Customers

- The primary aim of the extension is to deliver the most fluent and effortless payment experience to the customers:
  - Easily checkout using credit card.

#### System Requirements

Your store should be running on Magento 2 Community Edition version 2.1.x.

---

### Configuration

#### Set up Skrill Account

##### 1. Create Test Accounts

You have to create a business account.

## 2. Create secret word for Merchant Test Account

- Log in with your merchant test account.
- On left sidebar menu of My Account section, click on the menu named '**Merchant Tools**'.
- Type your desired secret word

## Setup Configuration

At the backend, admins need to configure some fields to connect between Magento 2 site and your Skrill account.

First, click on **Stores > Configuration > Sales > Payment Methods > Skrill**

The screenshot shows the Magento 2 Configuration page. The left sidebar contains a menu with icons for Dashboard, Sales, Products, Customers, Marketing, Content, Reports, Stores, and System. The 'Stores' icon is highlighted with a red box. The main content area is titled 'Configuration' (marked with a red circle and '1'). Below the title, there's a 'Store View' dropdown set to 'Default Config' and a 'Save Config' button. The configuration is organized into sections: GENERAL, CATALOG, CUSTOMERS, SALES, SERVICES, and ADVANCED. The 'SALES' section is expanded, and a red arrow points to it. Within the 'SALES' section, 'Payment Methods' is highlighted with a red box and marked with a red circle and '2'. The 'Payment Methods' section lists various payment methods: Merchant Location, Braintree, PayPal All-in-One Payment Solutions, PayPal Payment Gateways, PayPal Express Checkout, Check / Money Order, Skrill (circled in green and marked with a red circle and '3'), Cash On Delivery Payment, Zero Subtotal Checkout, Bank Transfer Payment, Purchase Order, and Authorize.net Direct Post. Each method has a status icon (a circle with a checkmark or an 'X').

- Enter your **Merchant Test Account's** Email Address
- The Customer ID is fetched automatically
- Add the Secret Word you just created at Skrill

Report Bugs

After that, all transactions will be recorded in both Magento 2 store and Skrill including successful transaction, fail transaction, and refund.

## Update

- When a new update is available, we will provide you with a new package containing our updated extension.
- You will have to delete the module directory and repeat the installing steps above.
- Flush the config cache. Your store and newly installed module should be working as expected.

## Support

- We will reply to support requests after **2 business days**.
- We will offer **lifetime free update and 6 months free support for all of our paid products**. Support includes answering questions related to our products, bug/error fixing to make sure our products fit well in your site exactly like our demo.
- Support **DOES NOT** include other series such as customizing our products, installation and uninstallation service.

Once again, thank you for purchasing our extension. If you have any questions relating to this extension, please do not hesitate to contact us for support.
