## Introduction

### Hot Features

- Create a standard to freeship
- Set price or quantity productstofreeship.

### System Requirements

Your store should be running on Magento 2 Edition version 2.1.x.

## Configuration

### Set configuration

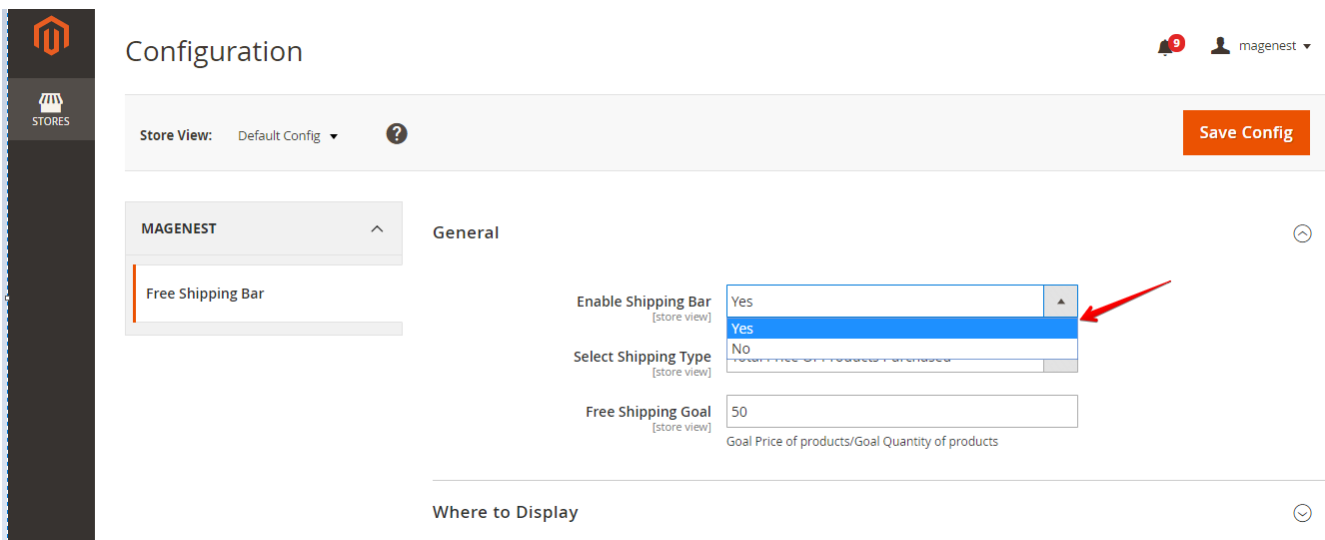

Admins need to set configuration by clicking on **Stores > Configuration > Magenest > Shipping Bar** for first use

The screenshot shows the Magento 2 Configuration interface. On the left is a sidebar with navigation links: DASHBOARD, SALES, PRODUCTS, CUSTOMERS, MARKETING, CONTENT, SHIPPING BAR (highlighted), REPORTS, STORES, SYSTEM, and FIND PARTNERS & EXTENSIONS. The main content area is titled "Configuration" and shows the "MAGENEST" section expanded, with "Free Shipping Bar" selected. The configuration is divided into three tabs: "General", "Where to Display", and "Content". The "General" tab is active, showing settings for "Where to Display" (Pages: All Pages, Display Type: Down, Display with delay after page load, seconds: 2) and "Content" (Content when cart is empty: Free shipping on orders over {{ruleGoal}}; Content when cart is not empty: Only {{ruleGoalLeft}} left for free shipping; Content when goal is reached: Great! your order will be delivered for free!). A "Save Config" button is in the top right corner.

# Main Functions

- **General**

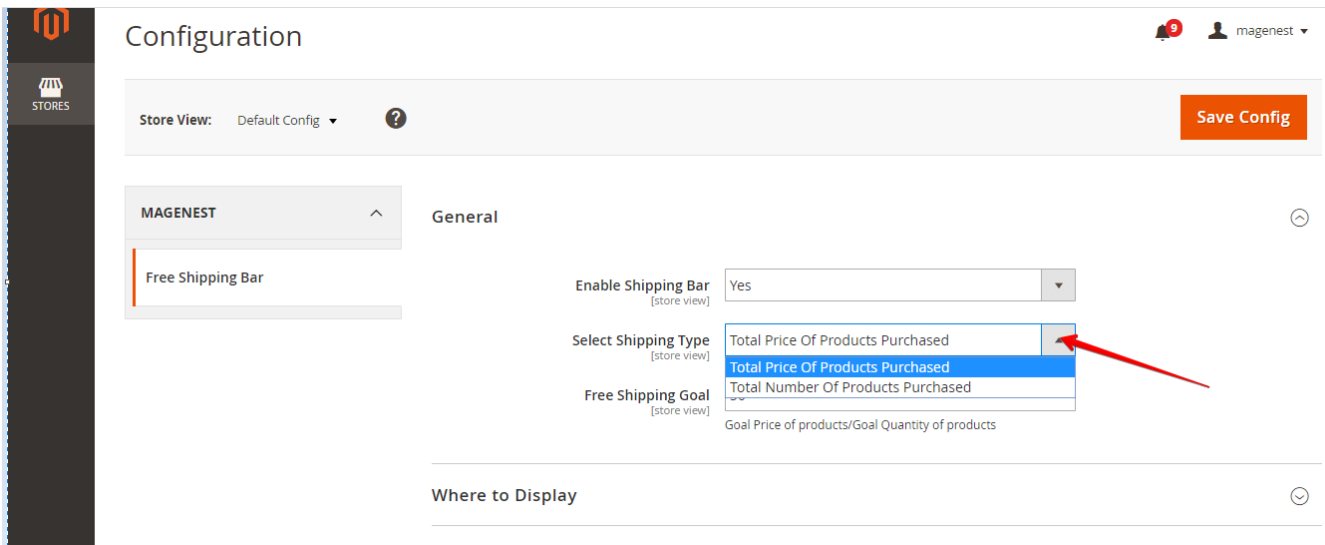

Firlstly, admin need enable shipping bar

The screenshot shows the Magento Configuration interface. On the left is a sidebar with the 'STORES' menu. The main area is titled 'Configuration' and includes a 'Store View: Default Config' dropdown and a 'Save Config' button. The 'MAGENEST' configuration is selected, and the 'General' tab is active. Under the 'Free Shipping Bar' section, the 'Enable Shipping Bar' dropdown is open, showing 'Yes' and 'No' options. A red arrow points to the 'Yes' option. Below this, the 'Select Shipping Type' dropdown is also open, showing 'Total Price Of Products Purchased' and 'Total Number Of Products Purchased' options. The 'Free Shipping Goal' is set to 50. The 'Where to Display' section is partially visible at the bottom.

Select shipping type

- Total Price of Products Purchased : calculated according to the total purchase price
- Total Number of Products Purchased : calculated according to the total purchase number

This screenshot is similar to the previous one, showing the same Magento Configuration page. However, the 'Enable Shipping Bar' dropdown is now closed and set to 'Yes'. The 'Select Shipping Type' dropdown is open, and a red arrow points to the 'Total Price Of Products Purchased' option. The 'Free Shipping Goal' remains at 50, and the 'Where to Display' section is still visible at the bottom.

Then will select free shipping bar depending on select shipping type choose Price or number

## Update

- When a bug fix or new feature is released, we will provide you with the module's new package.
- All you need to do is repeating the above installing steps and uploading the package onto your store. The code will automatically override.
- Flush the configure cache. Your store and newly installed module should be working as expected.

## Support

- We will reply to support requests after **2 business days**.
- We will offer **lifetime free update and 6 months free support for all of our paid products**. Support includes answering questions related to our products, bug/error fixing to make sure our products fit well in your site exactly like our demo.
- Support **DOES NOT** include other series such as customizing our products, installation and uninstallation service.
