Introduction

Magento 2 Gift Wrapper is a customer-friendly extension that simplifies the process of wrapping cart items products of your Magento-powered web stores. Store admin can easily define new wrappers and pick out products that can be wrapped. The customer will also have no trouble wrapping their cart items with a totally free-of-choice quantity.

Features

For Admin

- Create gift wrappers and postcards
- Edit the wrappers and postcards in customers' orders on the backend
- Assign wrapper/postcard to each product
- Allow customers to wrap the order based on whether the total amount or the weight of the order
- 2 price settings: Fixed price, Percentage of order
- Make the wrapper not available for overweight orders
- Define the wrapper/postcard price for each product
- Set wrapper/postcard to product/cart level (Wrap separate products or wrap multiple products in one cart)
- Manage gift wrappers and postcards in Magento 2 backend
- Manage wrapped orders

For Customers

- Choose to wrap a single product on the product page
- Leave a note to the receiver on the postcard
- Add inbox, out-box messages for the postcard
- Wrap products at the checkout page

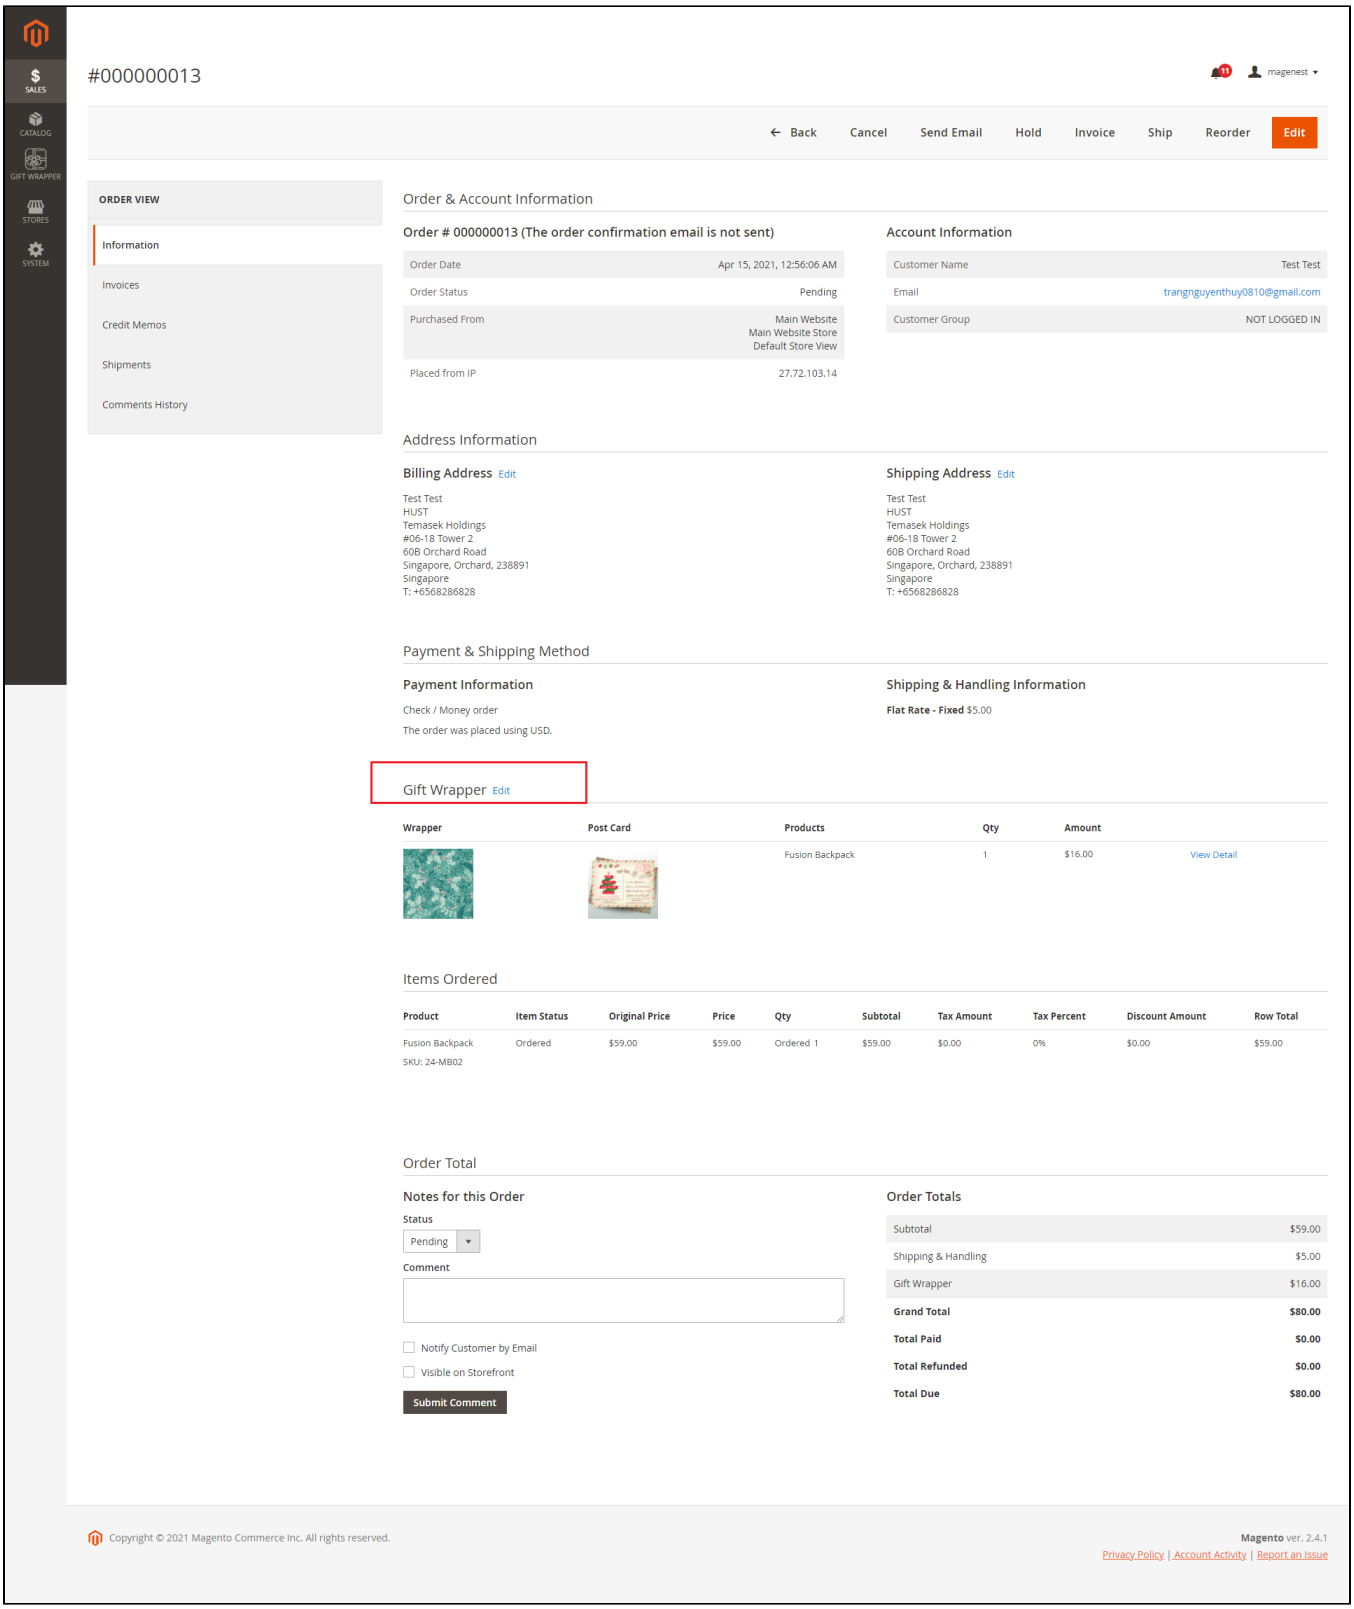
Edit Gift Wrapper/Postcard

After customers placed the order if they want to change the wrapper/postcard, the admin can edit the wrapper/postcard for the customer in the backend.

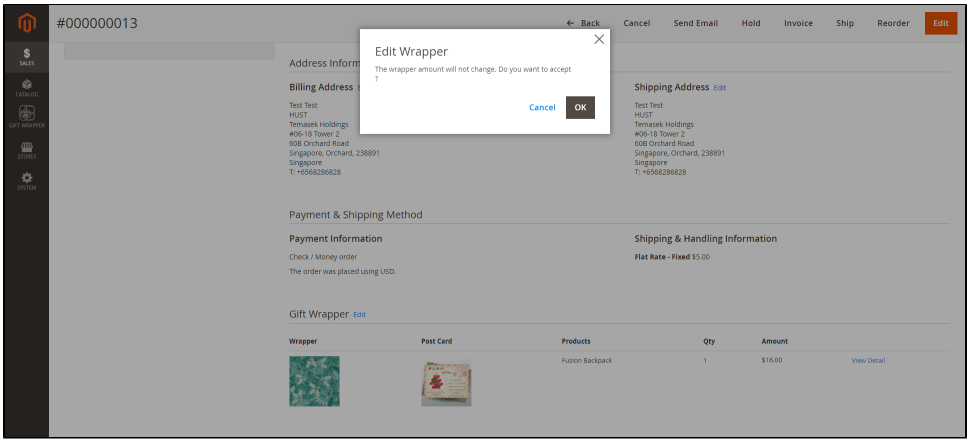
This is only applied for pending/on-hold orders.

On the **Admin sidebar, Sales > Order > View Order**

On the **Order** management page **> Gift Wrapper > Edit.**



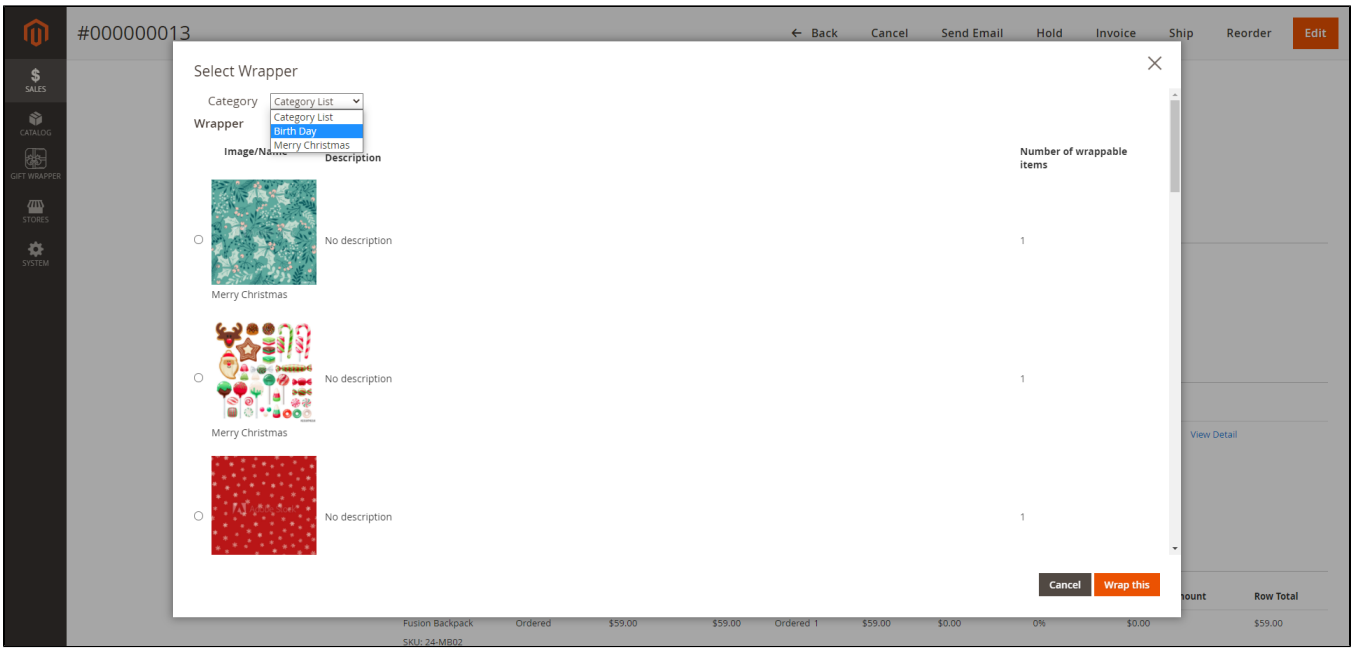
- ⚠***Note:*** The **wrapper amount** is not possible to be changed.

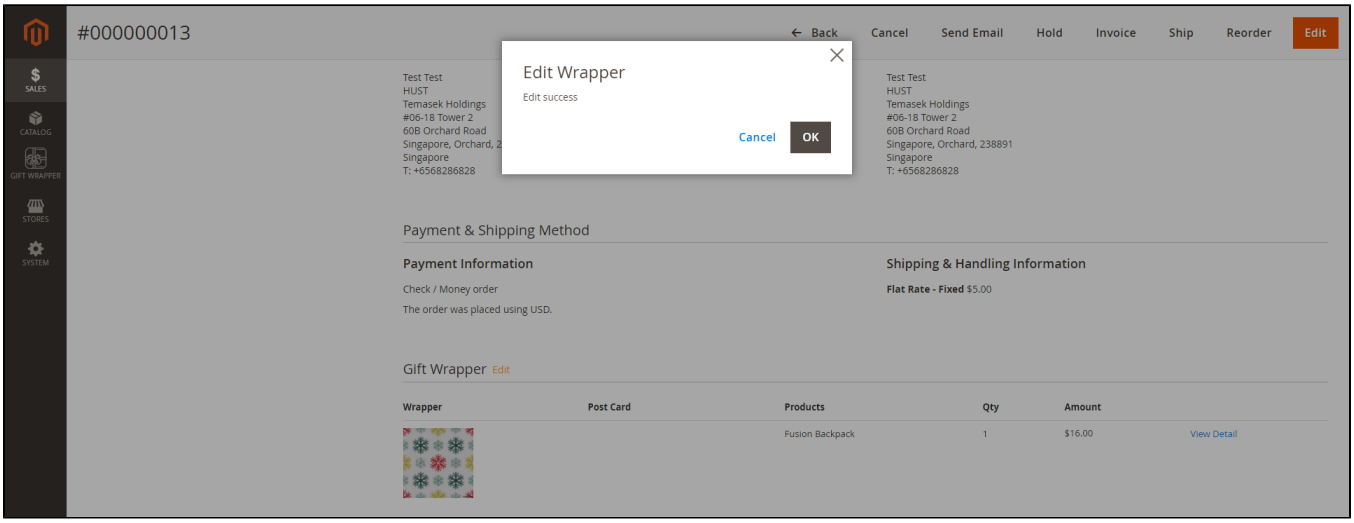


In the Edit wrapper/postcard pop-up

- **Product:** Admin can select the product that the customer wants to change the wrapper/postcard.
- **Category:** Filter wrappers by category.

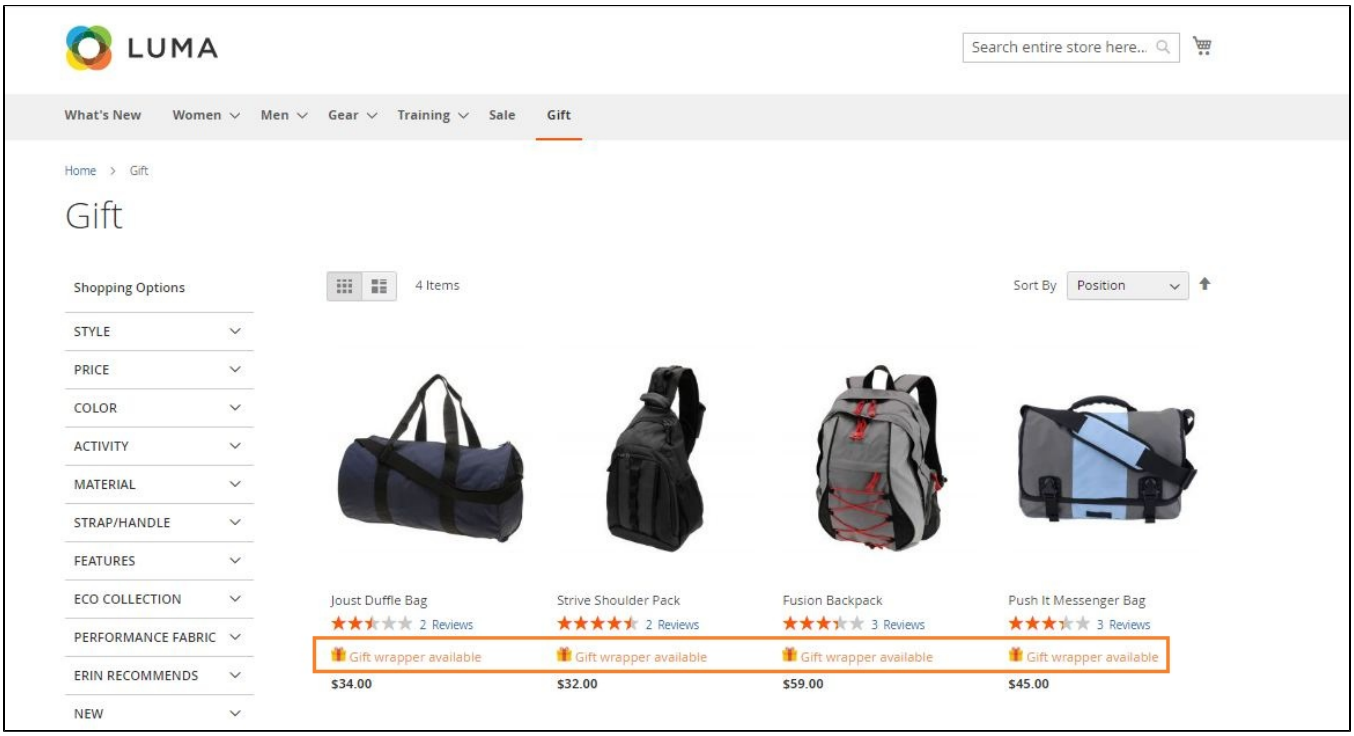
After that, click **Wrap this** to save the modification.

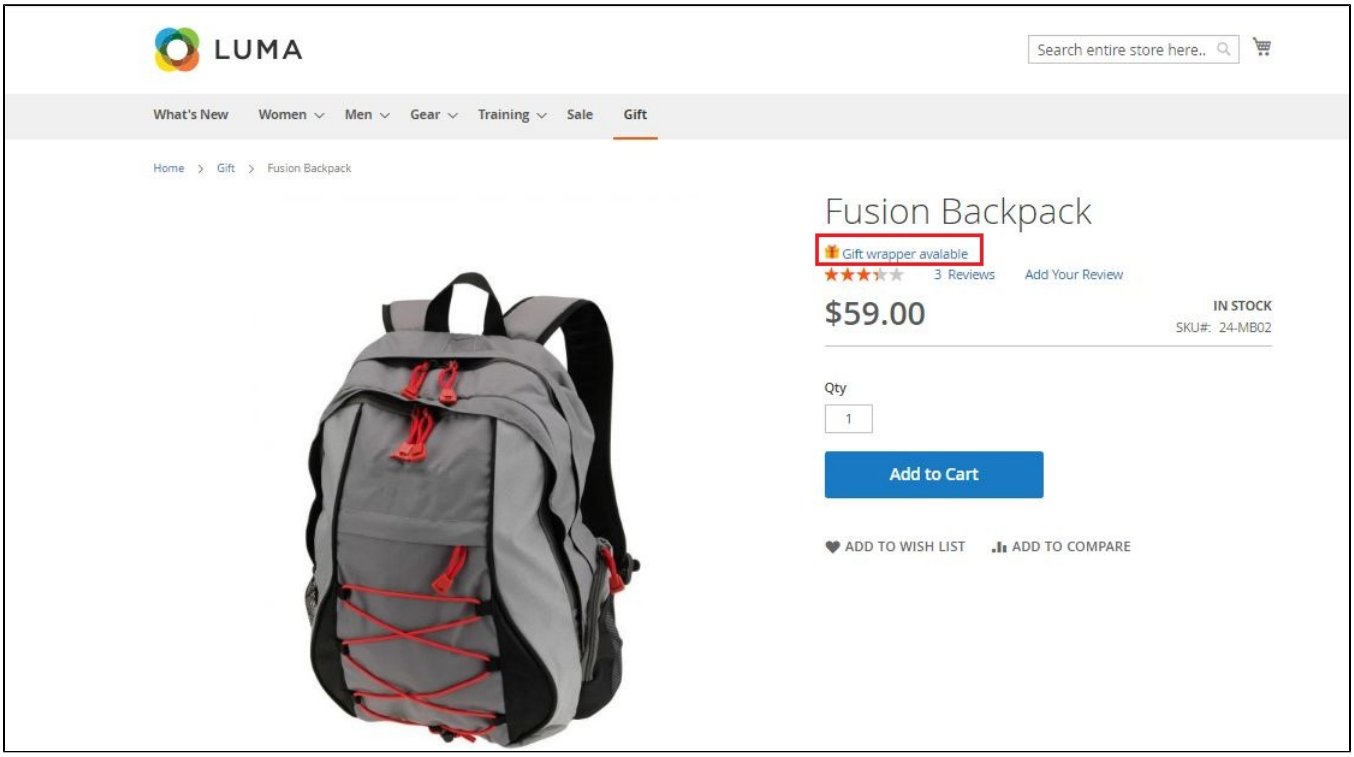




Storefront Function

On the **Product category page** and the **Product detail page**, customers can see which products are available for gift wrappers.





After clicking on **Gift Wrapper Available** option, customers will see a pop-up to select the wrapper/postcard.
