

Introducing to Woocommerce Refer a Friend ver 1.3

The Woocommerce Refer a Friend Plugin will create a simple but powerful referral system on your website. Instead of giving money to your referrals, you are rewarding them with coupons that they can use to get discounts when buying on your website, depending on a coupon settings. We have two ways to get coupon. The first way is invite a friend to visit website, the second way is share link on social (only member)

Features:

- Admin can set allow rewarding when invite a friend, share link
- Admin can set Coupon type, coupon amount, coupon duration... when member, customer invite friend or share link (customer only invite friend)
- Admin can set allow both the invite and invitations to be rewarded
- Admin can configure email template
- Admin can view all sent coupon
- Member can view all coupon was get
- Member can share link products, invite friend. Customer (do not login) only can invite friend to get coupon.

How to use the Refer a friend Plugin

You must create a new page. In the page content add the following line
[rf_sponsor_form]

After that, you have a page for customer or member can referral friend:

Configuration General

Access to Admintrastor Dashboard Woocommerce Settings Refer a friend Tab

In General Options Page, there are a few choices.

General Options | [Settings coupon Refer](#) | [Settings coupon Reward](#) | [Email Template](#) | [Social Share](#)
